

Ankit Nandanwar

Nagpur, Maharashtra | 8830542938 | <https://www.linkedin.com/in/ankit-nandanwar/> | ankitnandanwar3@gmail.com

Objective

To secure a front-end development role where I can leverage my React.js skills to create responsive, user-focused applications. I aim to enhance user experience and support business growth through efficient code, intuitive design, and performance optimization, aligning with organizational goals

Experience

FRONTEND LEAD | INFOSAI SOFTWARE | AUGUST 2023 – PRESENT

- **Infosai Portfolio:** Led the development of a company portfolio website using React.js and Tailwind CSS. Focused on creating an intuitive user interface with responsive design, ensuring optimal viewing across various devices. Implemented best practices for accessibility and performance optimization, showcasing the company's services effectively.
- **Extreme Digital Solutions:** Developed a dynamic portfolio website for a digital marketing firm, utilizing React.js and Tailwind CSS. Collaborated closely with the backend team to integrate APIs, enabling real-time updates and data management. This project emphasized user engagement and seamless navigation, aligning with the client's marketing goals.
- **Dairy ERP Application:** Managed the development of an ERP application for dairy products, sales, and reporting. Built using React.js and CSS, this application supports daily, monthly, and yearly reporting functionalities. Worked with the backend team to integrate necessary APIs, ensuring efficient data flow. Additionally, I implemented user access controls, allowing users to view only relevant modules based on their login credentials.
- **Transport ERP:** Led the development of an ERP system for managing transport logistics. This application allows customers to book trucks for transporting goods and provides functionalities for tracking daily trips, accounts, and billing. Built with React.js, the project involved close collaboration with the backend team to integrate APIs that support real-time data management and reporting.
- **Bike Project Admin Panel UI:** Created an admin panel for a bike project using HTML, CSS, and JavaScript. This project required adherence to specific design requirements and best practices in UI design, facilitating efficient administrative functions and management.
- **Ecommerce App:** Developed the user interface for an ecommerce mobile application using React Native. The app features a variety of product categories, including food, clothing, beauty products, and electronics. Focused on delivering a user-friendly experience and responsive design to enhance shopping convenience for customers.

TRAINEE INTERN | TANTRANSH SOLUTIONS | FEBRUARY 2023 – AUGUST 2023

- Gained hands-on experience with **GitHub** and **RESTful API** principles.
- Contributed to a live project, developing a **portfolio website** for the company using **React.js**, with attention to UI design and responsiveness.
- Created and integrated APIs using **Express.js** and **Mongo Db** to enable dynamic data handling.
- Assisted with **UI design** tasks as required, ensuring cohesive and **user-friendly** layouts.

ROLLOUT SENIOR MANAGER | VELOCIS PVT LTS | MARCH 2018 – MARCH 2022

FIELD ENGINEER | YOSO ENGINEERING & SUPPLIES | DECEMBER 2017 – FEBRUARY 2018

Education

Bachelors of Computer Engineering | 2012-2017 | DON BOSCO COLLEGE OF ENGINEERING, FATORDA GOA

12th | 2012 | DEEPVHAR HIGH SCHOOL, VASCO, GOA

10th | 2010 | DEEPVIHAR SECONDARY SCHOOL, VASCO, GOA

Certification

Certification in **Python Programming** through Livewire Institute. | 2022 – 2023

Certification in **MERN STACK** through Livewire Institute. | 2022 – 2023

Skills

- Html & CSS
- Javascript
- Bootstrap
- DSA
- React Js
- Node Js
- Express Js
- RESTful APIs
- Mongo Db
- Tailwind CSS
- React Native
- Git
